Registrar, Queen's University,
Kingston.

My dear Mr. Chown:

On my return from the country to-day I find copies of your letters to the Officers in command of the 26th Field Battery to place at the disposal of our men the University baths and swimming pool. This is extremely kind of the University, and I am sure it will be much appreciated. I will have word of this sent to our Alumni "Monthly" as an instance of academic courtesy. Will you please tell Principal Gordon that we greatly appreciate his action?

With kind regards, I am,

Yours sincerely,

President.
